# Why this location

The area was chosen for market liquidity, steady demand and entry prices that are still accessible.

## THE MARKET GAP

There is a shortage of renovated, ready-to-live-in homes against a large stock in need of work.

## HOW IT WILL LOOK AFTER THE WORKS

The renovation follows a calm, contemporary line: light walls, simple geometry, natural materials and new building services. Where regulations allow we open up the plan; kitchen and bathroom are rebuilt. The goal is an apartment ready to move into and easy to resell in its own neighbourhood.

05

# Legal safety and risk control

The purchase is direct and goes entirely through the notary: title, mortgages and planning status are verified before the deed.

01

## Due diligence before purchase

Title search, cadastral plan, planning compliance and absence of mortgages are checked by the notary and the platform's surveyor (geometra).

02

## Notary's escrow account

Funds can pass through the notary's dedicated account (price deposit) and are released only once the transfer is registered.

03

## Works paid against progress

The works budget is released in tranches, only after the platform's surveyor (geometra) has verified what was actually built.
